## NATIONAL AVERAGE FOR LONG-TERM CARE COSTS.

One of the most challenging expenses to plan for relates to long-term care events. With a national annual median cost for a private room in a nursing home exceeding \$92,000, many opt to explore in-home care options. And while Medicare can cover part-time in-home "intermittent" skilled nursing and short-term stays at a skilled nursing facility, Medicare will not pay for 24-hour-a-day care, homemaker services, or personal care services.
